

Become a Friend of the Parks!

Today more than ever, recreational activities are critical to our physical, mental, and emotional well-being. But financial challenges are now preventing thousands of community members from accessing Park District programs.

The Parks Foundation of Highland Park provides scholarships to make sure all local residents have the opportunity for an enriched, healthy lifestyle.

Please donate to become a Friend of the Parks today! Help a youngster learn a skill, be part of a team, discover nature, or make a new friend. Exercise your heart so others may exercise their bodies, minds, and spirits by participating in Park District programs!
